

# SMART RECRUIT PRO

## Automated Recruitment and Hiring

## WHAT IS SMART RECRUIT PRO?

It's a technology product designed to shield you from the high volume of emails and calls you get from job seekers when they apply for your job. It will handle all the calls and emails in a professional and quick manner so you don't have to.

Best of all, Smart Recruit Pro helps you stay compliant with the Department of Labor regulations regarding how applicants can contact you.

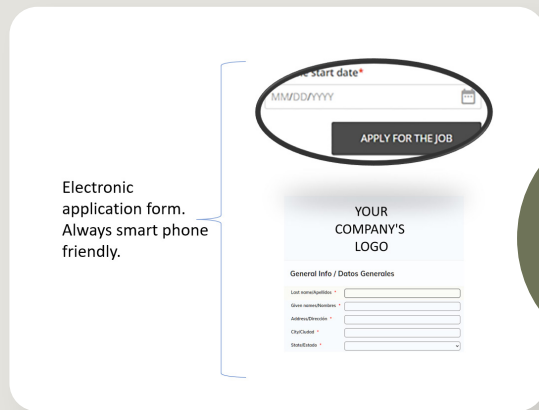

## EMAIL AND WHATSAPP SUPPORT

Establish a dedicated email address and a WhatsApp link through which candidates can access all the information about the job position.

- No more taking calls from applicants.
- Say goodbye to a full and useless voicemail.

## INTEGRATED WEB FORMS

Electronic application form. Always smart phone friendly.

Create a web form in our software system for your potential candidates to self-register.

No more hundreds of emails to read.

No more printing CVs.

You have detailed reports to review.

## UPDATED CONTACT LISTING

A dedicated email address and website address are published in the Department of Labor website so your personal/office contact information is kept private. You remain DOL-compliant.

### Traditional listing

Your personal email or personal phone number

### Improved listing

A dedicated email address you don't have to answer or worry about.

A dedicated web registration page.

## ADVANCED SCREENING AND HIRING

You can screen candidates based on your selection criteria (example: US citizen or H2A/B applicant, experience with A-type ladder, at least 60% English, etc.).

- We provide you a list of the top applicants.
- You make the hiring decision.

## ADVANTAGES

“Leave the cobbler stick to his last.” You do what you do best, and we do what we do best. You take care of your business, and we take care of the recruitment and screening.

- Replace your in-house application process with this package.
- You don't need to have two or more employees handling phone or email inquiries.
- You can free up your employees' time to concentrate on your company.
- No more phone calls to take or messages to respond to
- Say goodbye to the hundreds of emails just sitting there in your inbox.
- Some employers use this as a “shield” and get out of the drama generated when they hire/not hire a relative/friend of a current or former employee.
- Automatic email reply for job seekers. No more replying to hundreds of emails.
